

The 50 MHz DX Bulletin

Volume 16, Issue 6

June 2005

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Payments may be made to k6fv through PayPal. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is victor.frank@sri.com. My web site is <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

Fred Fish, W5FF, SK

I first read on the Internet July 1 of Fred's passing, and just got off the phone with his wife, Lee, K5FF. Fred died April 26 of a stroke after a few years with Alzheimer's. Lee was has been in the hospital with "walking pneumonia," and apologized for the delay in announcing Fred's departure. He is survived by his wife, one son and two daughters.

Lee related that Fred was a radioman on board one of the ships in the Normandy Invasion of World War II, and had lots of war stories to tell. She indicated that Fred's previous calls were W1OAX, K5TQP, and W5LO. He was SMIRK #3190 and SWOT #734. I remember working him on 2m during one of the meteor showers in the 1960s. He was very patient with my being off-frequency, off-sequence, or both. He was my only 2m NM contact and I've misplaced his QSL card.

Fred started his quest for grid squares in the 1980s, and by June 18, 1995 had worked all 484 continental US grids on six meters. In 1995 his total grid square count stood at 843, the highest in the world. He also had 128 DXCC countries on 6m. He was also very active in the 1980s with 222 EME, allowing several amateurs to achieve WAS on 222 MHz.

Lee indicated that she will be moving to Denison, TX to be closer to her son. She will be selling their 9 acre site with 1900 square foot home, towers, and antennas. Should one of our readers be interested in this prime VHF location east of Albuquerque, she can be reached at (505)281-5537.

DX Operations

Most of the listings in this column came from OZ6OM's Daily DX and SM7AED's notebook.

Indonesia, YB0ASG: VK6KDD mentions working Otto in Jakarta, OI33KR, ~2000 km away, using JT6M. He opines that it is a Dutch club operating there on 6m.

Swaziland, 3DA: Look for 160-6m operation here July 8-18. They will have a 6el M² beam up 50'.

Chad, TT8M & TT8AMO: operation should continue until sometime in August.

Morocco, CN2DX: Andre will be QRV on HF, VHF, and UHF from July 25-30 and October 1-14 from Dar Bouazza (IM63BM).

Finland, OH8K, OH90: Look for another expedition to KP46,49,29,19, & 39 August 6-14.

England, G: A group of operators from the Cray Valley Radio Society will be active on 80-2m from St. Mary's, Scilly Is. July 25-August 1.

Azores, CU: Look for Enrico, IZ5CML on 40-6m from Sao Miguel (CU2) July 10-16 and from Flores Is. (CU8) July 16-21.

Also look for 160-6m IOTA and Lighthouse operation by a group of Portuguese operators from Graciosa Is., CU4, from July 23-August 4.

Sable Is., CY0AA: This 160-6m expedition is due to start July 27 and may last as long as 10 days.

St. Pierre and Miquelon, FP: Paul, K9OT, and Peg, KB9LIE, plan HF and 6m operation from Room 5 at the Maxotel on Miquelon July 29-August 7.

Belize, V31UB: Look for KU5B to be active on HF and possibly 6m July 4-10.

Dominica, J79PAK: Pierre, HB9CUA, will be active on 40-2m July 11-August 3.

Venezuela, YW4C: Look for an IOTA DXpedition to the Carabobo State Islands, FK60, on HF and 6m July 7-10.

Fernando de Noronha, PYOF: Marq, CT1BWW, and Juanca, EA2RC, plan operation with a Kenwood TS-480SAT August 1-14, but presently have only wire antennas for HF.

Saipan, N.Mariana Is.: Look for a group of JA operators on 40-6m July 8-11.

South Cook Is., ZK1IIR: Tommy, VK2IR, plans 40-6m activity from Raratonga July 3-14.

Beacon Reports

Hawaii, KH6HME: has been located at Paul's home, rather than on the mountain where the other beacons reside. It has been reported not heard while 6m stations on the big island were being worked.

Ukraine, UT7AV/A: SM7AED writes hearing this station in KO40VK and then pausing 60 seconds.

Denmark, OZ7IGY: On June 24, SM7AED writes "On vacation?", but we have reports up to June 11.

For Sale

Sam Goda, W6JRA, is selling a Henry 2006A 50MHz Power Amplifier in mint-like new condition with a spare new Eimac 3CX800A7. The unit is 230 VAC only and 80 lbs. Reasonable offers will be considered. (714)637-3989.

June 2005 DX Reports

The following reports of 50 MHz DX propagation are courtesy of JA1VOK, JH1WHS, YO7VS, K6QXY, IW2CAM, G4UPS, VE7SKA, XE2HWB, and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

Propagation reports this month have been very numerous. I attempted to obtain a mixed sample of DX and rare countries by limiting ordinary listings to >2200 km, but nevertheless ran over our usual 8 pages by 4. A new feature this month is listing of distances in kilometers for those listings obtained from the Internet. These are determined preferentially from the grids in the post, and otherwise from one or both of the prefixes of the calls. Note that the latter results in VERY rough approximations to the distances, especially for large countries and call areas.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2005. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, D=Telemetry Data, J=Digital, typically JT6M, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only, BSc = backscatter.
